

SIERRA MADRE NEWS

THURSDAY, DECEMBER 31, 1942

SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

VOLUME 37, No. 15

SOME OF THE THINGS THAT HAPPENED IN SIERRA MADRE DURING THE PASSING YEAR

This is a week to week report of happenings in Sierra Madre during 1942:

January 1. Mrs. Earl Scott notified by War Department that her son Pvt. Freddie Beaton was among the Marines missing in action at Hawaii. Local Civilian Defense Council completes its organization with appointment of Bruce McGill as Chief Air Raid Warden.

January 8. Plans for tire rationing completed and local rationing board appointed. City warned by its chief air raid warden that it is too complacent in face of very grave danger.

January 12. First air raid demonstration stresses importance of self-reliance if air raids come. David Sheriff twelfth young Sierra Madrean to enlist in Navy since attack on Pearl Harbor.

January 22. Margaret Eliason of the NEWS staff first Sierra Madrean to give blood to the Red Cross Blood Bank. Board named to register men 20 to 44 for the draft. David Larsen resigns from school teaching staff to join the army.

January 29. Sierra Madre with draws from the Pasadena water suit. City enters vigorous protest against proposed increase in Pacific Electric Railway fares. Army notifies Sierra Madre Defense Council that civilian populations have become military objectives.

February 5. Daylight Saving announced to become effective at once for the duration. Paul N. Carter resigns from city council to become a Lieutenant in the Navy. R. C. Lewis elected director of Independent Bankers Association.

February 12. Predicted shortage of garden truck causes many Sierra Madreans to plant victory gardens. Boy Scouts enlist for Civilian Defense services. Scores of Sierra Madreans enroll in first aid classes.

February 19. Survey just completed by County Defense Council shows Angeles forest border lined with Japanese residents, causing fear of extensive sabotage.

February 26. War comes with in sight and sound of Sierra Madre as searchlights fan the sky hunting enemy planes, and anti-aircraft guns along the coast cut loose. Charles H. Hastings, owner of the famed Hastings ranch at city's western boundary dies in New York. Mrs. Ida J. Lawless, long time resident, prominent civic leader and owner of Wistaria Vine Gardens, dies.

March 6. Home building here far ahead of same period last year. Another pioneer passes as Mrs. Bella W. Cooke dies in Pasadena hospital. Mrs. Robert Summersgill dies of burns received in fire at her home. Annual Wistaria Fete will be held as usual to comply with wishes of late Ida J. Lawless. Meeting of local Japanese-Americans approve plan to send all Japanese to assembly centers.

March 12. Five candidates in the field for three places on city council to be filled at April municipal election. Long hoped for rain breaks longest spring dry season in many years.

March 19. Four Japanese arrested by F.B.I. agents for connection with Japanese school here are interned in Arizona. City excited as big radio aerial erected by Japanese family is discovered in Floral canyon. Rainstorm leaves heavy blanket of snow on surrounding mountain peaks.

March 26. Scarcity of building materials results in drastic revision of local building code. Congressman Hinshaw charges Japanese schools in this area were used to train enemy spies.

April 2. Rev. W. H. Hannaford a former pastor of the Congregational Church, died at his home here after a long illness. A plaque bearing his likeness dedicated to the memory of Mrs. Ida Lawless in public ceremony at Wistaria Vine Gardens. More than a hundred Sierra Madreans gave blood to the Red Cross blood bank on its first visit here.

April 9. Order numbers retermining the order in which local draft registrants will be called into the service are assigned. Walling sirens announced Sierra Madre's third blackout since the attack on Pearl Harbor. Former Gov. Frank Merriam sells his home here and buys peach orchard at Yucaipa.

April 16. Tuesday's municipal election resulted in the election to the city council of Thomas Schwartz, Bruce McGill and Vin-ton Hoegee. State Council of Defense urges every man and woman in Sierra Madre to enroll

immediately for defense training. Kenneth Allen, Sierra Madrean in the Navy, arrived home after the ship on which he was traveling was fired on by an enemy submarine 20 hours out from San Francisco.

April 23. The 1100-acre Hastings ranch offered for sale as the will of the late Charles H. Hastings is filed. Woman's Club celebrates the 35th anniversary of its founding. Councilman Thomas Schwartz is elected mayor and head of local Civilian Defense Council.

April 30. Plans announced for registration of local citizens to receive War Ration Book No. 1. City council adopts an ordinance creating an Emergency Control Center of the Civilian Defense Council.

May 7. 2500 Sierra Madreans register and receive War Ration Book No. 1. All local churches honor mother's at special Mother's Day services. Forerunner of the present dimout comes with order for dimout of lights in the beach areas.

May 14. All Sierra Madre Japanese leave for reception center at Tulare. Registration for War Ration Book No. 1 complete with certificates issued to 4784, and denied 404 persons, who have sugar on hand.

Women called upon to enroll in air raid service. Navy Department informs Mr. and Mrs. Ben Lyon that their son, Benjamin Malcolm Lyon, Jr., First Class Navy Radioman, is missing since arrival in Manila area.

May 21. Joseph Morgan, aged 23, is Sierra Madre's first war casualty. The young flier lost his life in an air accident at Arlington, Monday. Charles Shippey is third son of Mr. and Mrs. Lee Shippey to join the colors as an Army enlistee. Mrs. Pearl Virginia Steinberger announces her candidacy for the State legislature. Sierra Madre faces loss of its State Guard Company through failure of more men to enlist.

May 28. Mrs. Ernest Best elected President of the Woman's Club. Three-division parade to feature the city's most impressive Memorial Day observation in many years. City experiences its fourth blackout Sunday night. Community fund drive of the Kiwanis Club for support of the city's youth organizations goes over the top. Perley Poore Sheehan undergoes major operation at a Pasadena hospital.

June 4. Canning sugar allowances awarded over 1000 Sierra Madreans, and there will be jelly and jams for everyone. H. B. Heberling of North Auburn ave killed in an automobile accident near Bishop. Dr. Lee M. Evans commissioned a Captain in the Army.

June 11. 61 Sierra Madre graduate students listed to receive diplomas in the Rose Bowl. Defense council receives its first shipment of gas masks and decontamination suits. Wm. L. Burr appointed to position in the Red Cross Army and Navy Welfare Service. Mrs. Helen M. Murphy, aged 90, mother of Mrs. J. O. Smith, died from injuries received when she fell on the stairway at her daughter's home.

June 18. Check up of Civilian Defense Council units revealed all greatly unimpaired, and hundreds needed to complete rosters. Initial rubber drive rounds up 10,000 pounds here. Air raid wardens to check every home for air raid defense precautions.

July 2. Clause in the will of the late Charles Hastings requests that his remains be interred on the famed ranch here. Large Japanese camellia nursery here taken over by Los Angeles newspaper publisher along with similar properties in La Canada and the San Fernando Valley.

July 9. In first War Bond sales campaign here Sierra Madreans pledge \$82,112.00 of War Bonds. Civilian Defense meeting at grammar school honors 205 townsfolk for their defense services. Four more first aid classes organized and 371 persons already graduated in this war effort.

July 16. Sierra Madre Forest Fire Fighters Service Auxiliary organized with Arutur Udell as director. 21 motorists fined for speeding. Everett E. Hitchcock elected president of the school board.

July 23. The U. S. Citizens Service Corps created under the Office of Civilian Defense is set up in Sierra Madre with Councilman John Froehlich as executive officer. Per capita share of Sierra Madreans in

Continued on Page Five

A Happy NEW YEAR

There's something sad and irremediable about seeing the Old Year out, but there's something so gay and provocative about seeing a New Year in that normally we celebrate the twin event in mellow mood, with the dew of yesterday and the sparkle of tomorrow all mixed together in an emotional cocktail which intoxicated the human race since the first page was turned on the first calendar.

Man was not made to look backward for long, but always forward—to the new horizon, to the goal not yet achieved and to hopes not yet realized. In that, perhaps, lies our greatest good fortune, for when a New Year is born—no matter how difficult the year just gone may have been—we are given a new birth of confidence, new faith, new dreams, new courage to cope with whatever the little gods may have in store for us.

At the start of 1943, even with the din of war drowning out much of the din of the usual New Year's celebration, we have much to be grateful for, much to renew our faith, much to make us happy, despite the tears we may have shed as loved ones went off to induction centers and as our quiet, peaceful way of life was rudely changed during the months just past. We have this to be thankful for—that America is still free and will stay free, because we have learned to shoulder the responsibilities as well as to accept the privileges which are part of our democratic heritage. During most of the year just gone, we tasted bitter defeat—a new experience to our proud America—but having proved that we can take it, we are now dishing it out to Hitler and Hirohito in such fashion that we can look forward to 1943, confident that if we all do our jobs—and all give the best that is in us—we can win the victory and have peace again in our world.

The New Year will be a momentous year, one of the most momentous in global history; that we know. It will bring setbacks and tragedy; that we must expect. But it will also be the year, we are confident, in which the tables will be turned against our enemies—not necessarily the year which will end the war (although that we may hope for), but certainly the year which will take us far toward the final victory. For that we can truly say, "Happy New Year!"

Fix January 29 For Air Raid Test

Army Gets Date to Observe Local Defense Organization In Action

January 29 has been fixed by the Fourth Army Command and the OGD as the date for a test air raid drill of Sierra Madre's Civilian Defense organization. A letter to Mayor Tom Schwartz fixing the date here explained purposes of the test, to be observed by Army officers and OGD officials, as follows:

"To observe the state of progress that your Citizens Defense Corps has made; and
"To be in a better position to make helpful suggestions to you as to how you may improve the efficiency of your Corps; and
"To observe and absorb any new ideas which you have developed in your local program which might prove of some assistance to other communities."

Every incident likely to happen in a real air raid will be simulated during the test. There will be imaginary explosions, fires, streets will be blown up, water mains blasted out, people killed and injured. Every unit of the defense organization will be called into play. Army officers will be given locations of the various incidents and be on hand to observe the manner in which they are handled.

There will be two regular air raid drills in the meantime, next Monday night and on January 19, and Mayor Schwartz believes by the time the Army test comes the local organization will come through with a nearly perfect score.

Judge Edgar Camp Seriously Ill

Edgar W. Camp, formerly one of Sierra Madre's best known residents, is confined to the Santa Fe Hospital in Los Angeles, suffering complications from an attack of influenza. He has been living at the University Club in Los Angeles. His son, Dr. Charles Camp of the University of California faculty arrived Saturday to visit his father, and on Sunday called on his aunt and cousin, Mrs. C. L. Baird and Herbert Ingraham of 94 E. Laurel ave.

Chas. E. Baxter, III, Is Christmas Baby

Charles Edward Baxter, 3rd, is a Sierra Madre Christmas baby. Son of Capt. and Mrs. Charles E. Baxter of 200 Olivera lane, he arrived at the Methodist Hospital of Southern California in Los Angeles about the time Santa Claus was busiest, at 2:43 Christmas morning. His father, Charles Edward Baxter, is a Captain in the Army Engineers Corps, stationed at Camp Santa Anita.

NOTICE TO THE PUBLIC

All of a year behind practically every one of its contemporaries in this region to do so, the Sierra Madre NEWS with much reluctance is obliged to announce an increase of its annual subscription rate of from \$2 to \$2.50, effective Thursday, January 9. New subscriptions and renewals placed before that time will be accepted at the old rate of \$2 a year, delivered by mail.

This advance in price is made mandatory by greatly increased labor costs and in the cost of all materials and supplies necessary to newspaper production and operation of a printing establishment.

Will Dance The New Year In At Woman's Clubhouse Here

With more people than ever forced to enjoy their New Year celebrations at home, the Sierra Madre Junior Woman's Club is expecting record attendance at its big dance and New Year's Eve celebration in the Woman's Clubhouse. The dance will begin at 10 o'clock and last till 2 a.m. with Bill Elder's orchestra furnishing the music, his program designed to include all the old and modern dances.

New Year To Have Quiet Reception

The usual noisy greeting will be missing when the new year arrives in Sierra Madre at midnight tonight. There will be watch and toter parties at many homes, but a dance sponsored by the Woman's Club Juniors at the Woman's clubhouse will be the only public function.

Because of gasoline rationing and the fact that there will be no holiday for employees of most defense and related industries tomorrow there will be less than the usual formal observance by local churches. A short service of prayer will be held from 10 to 10:30 a.m. at the Christian Science Church, and at the Church of the Ascension there will be Holy Communion at 8 a.m. Although the Congregational Church will remain open for prayer and meditation there will be no regular service. The only change in services at St. Rita's will be the early mass which will be at 6 a.m. instead of 6:30. Other masses will be held a usual at 8 and 11 a.m.

The postoffice, city hall, Savings Bank and nearly all stores will all be closed and there will be a liberal sprinkling of Sierra Madreans in the Rose Bowl for the Georgia-UCLA football game.

City Furnishes A Recreation Room At Camp Santa Anita

Saying that they had never seen anything to equal the generosity of California people, soldiers at Camp Santa Anita this week expressed gratitude to the members of St. Catherine's Guild of the Church of the Ascension for furnishing, through the local Red Cross Chapter, a comfortable and complete card room for the camp and hospital. Among the many articles donated and loaned to the soldiers were lamps, tables, cards, rugs, a radio and ash trays.

Not everybody with a dollar to spare can shoot a gun straight—but everybody can shoot straight to the bank and buy War Bonds. Buy your 10% every pay day.

Ration Board Acts On New Schedule

According to the new schedule now in effect the gasoline panel of the War Price Rationing Board at 127 S. Myrtle ave., Monrovia, will meet on Monday, Tuesday and Thursday afternoons from 1 to 4:30; on Wednesday and Friday evenings, from 7:30 to 9, and on Saturday mornings from 9 to 12 noon.

Notices For Next Draft Are Ready

Notice for men to be called in the January draft were being prepared at the district draft board in Monrovia yesterday. They will go into the mail next Tuesday or Wednesday, calling upon the registrants receiving them to report January 16.

Because of uncertainty as to whether the recently registered 18 and 19-year old boys will be qualified in time for the call it was not possible to get the number of persons to be called in this area. However it was stated that so many young Sierra Madreans in this age group had already enlisted in the various services that the number available for draft quotas would be small. These will undoubtedly be called before the second semester begins at the high schools and junior colleges in February.

This is the last day for the draft registration of youths who became 18 years of age in November and December. Until this time local boys were required to go to the draft headquarters in Monrovia to register. Joseph S. Weber, who has handled the registrations here, announced this week that Sierra Madre boys would be registered by him at his home at 140 East Alegria ave. Youths becoming 18 after to-day are required to register within five days after their birthdays and these registrations will also be taken by Mr. Weber.

Announce Winners In Essay Contest At St. Rita's School

Winners were announced this week for the War Bond essay contest sponsored by the Kiwanis Club at St. Rita's School. The essays, written on the subject, "Why I Should Invest Ten Percent or More in War Bonds", followed the same general rules laid down for a similar contest conducted previously at the grammar school. Eighth grade winners included Coleen Lynch, Betty Ellen Dailey, Hubert Cole and Carmen Varela. Seventh grade winners were Josephine Capps, Thomas Polgreen, Doris Fettes and Danny Gourdeau. Those awarded prizes in the sixth grade were Patty Owens, Nancy Welch, Hugh Vandenbrook and Joseph Crito.

A total of \$36 in prizes will be awarded the winners.

Rudolph Hartman Jr To Become A Marine

Rudolph Hartman, Jr., who is in Naval Air Corps training at Corpus Christi, Tex., has received official notice that as soon as he receives his commission he will be transferred into the U.S. Marine Corps and sent to San Diego for advanced flying and Marine training.

SEVEN TONS OF SCRAP MATERIAL 430 TIRES ROUNDED UP BY BOY SCOUT TROOP NO.2

A continuation of the scrap drive started in October by children of Sierra Madre, this week added many more tires and tons of scrap to the nation's scrap piles. Already taken away by salvage trucks were 430 tires requiring several trucks to transport, and approximately seven tons of scrap metal collected by Boy Scout Troop No. 2 which is sponsored by St. Rita's Church.

This is the largest collection to be sent out of town since the October Junk Rally when 19 tons of junk, including metal and tires, were collected by grammar school and St. Rita's pupils. Rev. Leo Scheibel announced this week that the Scouts have cleaned up the city's scrap piles so thoroughly that the drive will be discontinued for a few weeks to give the residents here a chance to scare up more contributions. However, he added

Santa Brings City A New Water Well

Fear of Dry Hole Blasted When Best Producer Comes In At 650 Feet

Old Mother Earth gave the people of Sierra Madre a fine new water well as a Christmas present. Known as No. 3 well in the city's water system, it tested to produce a flow of 1,500 gallons a minute and will go into service when pumps have been installed.

There was rejoicing at the city hall when a fine flow of water was struck at 650 feet below surface, for there had been much uneasiness over the prospect that about \$8,500 of taxpayers money had gone into a dry hole. Deeper drilling developed what is now considered the city's best producer. Water was found in the old No. 1 well at 448 feet and in the No. 2 hole at 500. It was when the drill went down to about 530 feet without satisfactory results that members of the city council and the water department became apprehensive. But just a little below that the drill dropped into a new sand formation and at 650 feet hit into what water engineers believe to be a great underground lake.

Drilling started on the new well November 15 and reached the 650 level December 12. A 30-hour test completed last Thursday showed the flow of 1,500 gallons a minute. Water experts say this production will be considerably increased after the pumps have been installed and work for a while, pulling up a lot of sand. The No. 1 well, best producer until now, is producing 1,300 gallons a minute. Though all three of the wells are located close together at the city water plant, the new No. 3 is located about 22 feet higher on a knoll than either of the others and the sand formation is quite different.

In authorizing digging of the well the city council expressed fear that walls of one of the other wells might collapse and the water supply curtailed beyond the danger point. It was intended to serve as a standby. To date it has cost \$8,497—\$8,097 for drilling and \$400 for the test. To drill the first 300 feet cost \$4,007, from 301 to 500 feet \$2,254 and from 500 to 650 feet \$1,766. Cost of the pumps and their installation will be in addition.

Sierra Madreans Send More Comforts To Soldiers Camp

Soldiers at Camp Santa Anita, which now houses several thousand men, are increasingly grateful for the contributions of coat hangers, magazines, books and ash trays and reading lamps which have been pouring into the NEWS office for their use. An Army truck called for last weeks donations by local citizens. The NEWS is glad to receive any of these articles and will see that they reach their destination promptly, as 24 reading and recreation rooms are being equipped at the camp.

Among donors through the NEWS this week were Mrs. Josephine Hutak, Mrs. Frank Cox, Mrs. Earl Topping, Mrs. Louise Allan, Mrs. Marvin Coats, Mrs. Roy D. Klinker, Mrs. D. W. Williams, Mrs. Elizabeth Dietz, Mae Heston, Miss Jean Woodward, H. A. Lenhardt, R. C. Lewis, Clarence Howard, Dan Parker and G. E. Williams.

that the drive would soon get under way again with the Scouts scoring the town as before. All collection work done by the Troop is entirely voluntary with each boy donating whatever time he can spare before and after school hours and on Sunday. The youngsters now have their eyes on a 10-ton scrap pile at an "undisclosed location" and are busy mapping out the best method of obtaining permission to donate it to the government. The regular monthly salvage collection of the salvage committee of the Civilian Defense Council will be taken up Monday, Jan. 4, and householders are urged to hang out their "Salvage for Victory" cards in a conspicuous place and have their contributions on the curb where they may be readily picked up by salvage trucks.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

Enjoy Christmas Dinner With Son At Chino Army Camp

Mr. and Mrs. J. O. Sault of 609 W. Sierra Madre blvd. are not worried about the diet of the soldiers at Camp Ayres near Chino. Unable to have their son, Capt. Ferris Smith, at home for Christmas dinner they enjoyed the novel experience of dining at the post and helping their son and his company celebrate Christmas, which was according to Mrs. Smith, a happy affair. Also present for dinner were Capt. Smith's wife and son. When Mr. and Mrs. Smith arrived home Christmas night they were visited by Mr. and Mrs. Graeme Smith and Mr. and Mrs. Merrill Smith of Los Angeles.

Its Major O'Key Now

Word was received by friends here last week that Capt. Frank O'Key, a resident of Brookside Lane for several years, has been promoted to Major. Major O'Key, a U. S. Army engineer, is stationed at the Army Air Base at Ephrata, Wash.

Tires For All Who Obey The Rules

All motorists, regardless of occupation, who comply with rules of the rubber administration are entitled to tires or recaps when they are available in current quotas, according to Paul Barksdale D.Orr, O.P.A. administrator in California. The five requirements are listed as follows:

1. The motorist must not use gasoline for forbidden driving.
2. He must keep his tires, brakes and wheel alignment inspected regularly, and have a report to that effect duly signed periodically by a tire inspector.
3. He must not abuse his tires by running them into curbs, or driving over rough roads at improper speeds.
4. He must not drive over 35 miles an hour.
5. The tires on his machine must be driven as far as possible before applying to his rationing board for replacements.

Loses Gas Coupon Has to Walk Now

Lost, strayed or burned, is a gas ration book of Shelton Atterbury of 388 E. Highland. Mr. Atterbury reported to the police this week that his wallet, also containing his draft card, had somehow disappeared from its usual place and he had a sneaking suspicion that it might have been gathered up with the holiday accumulation of discarded Christmas wrappings and shoved into the incinerator. Whatever the case may be, until it is recovered Mr. Atterbury will be afoot.

Easier To Get Your New Licence Plates By Mail This Year

Mail your application for 1943 plates to the Department of Motor Vehicles in Sacramento now and save gas and tires!

This is the admonition given by the Dept. of Motor Vehicles following an earlier announcement that there will be no delay in the 1943 license renewal season. Although all branch offices of the department will be ready to receive applications when the regular renewal season opens, it was pointed out it is much simpler and easier to apply by mail. Here is the correct procedure to follow: Get your registration card (white slip) from your car. Get a postal or bank money order or cashier's check for the amount of your fee as shown on the lower left hand corner of the registration card. Mail the card and the fee to the Department of Motor Vehicles, Sacramento, California. That's all!

AIR CADET REAVIS HOME ON LEAVE

Air Cadet Clay Reavis, Jr., stationed with the U. S. Army Corp at Gardner Field near Taft, was able to spend Christmas eve and part of the following day with his parents, Mr. and Mrs. H. Clay Reavis of 551 Cuartavante dr.

Fighters Suggest A Resolution For All Women

This is a "New Years resolution suggested for all women" by the air wing of the Fourth Fighter Command:

"Show our boys how much you care. Volunteer to do your share."

Yes, ladies, you can do a great work right here in your own vicinity.

Yes, you can protect your homes, your schools and your churches.

You can safeguard the office or factory where your husband works.

You can guard our precious beaches and far-flung coast-line. You can relieve a fighting man for active duty abroad.

YOU ARE WANTED BY THE AIR WARNING SERVICE.

Let your New Year resolution be: "I will do my share."

Phone Tucker-6567 or write P. O. Box 2158, Terminal Annex, Los Angeles.

Increase In Births Sets New Record

Births increased 27 per cent in 1942 as compared with 1941, according to an estimate just released by the Los Angeles County Health Department. Exceeding the record-breaking gain of 23.3 per cent last year, this increase is the largest annual increase ever recorded in this county and coincides with a large influx of population and improved employment and economic conditions.

The gain is in considerable excess of the rate of increase for the entire United States, although there is indicated a substantial increase in the national birth rate, the report stated.

Varied Program For Bethany Women

Rev. Immanuel Gittel, Hebrew Christian, will be morning speaker at the Tuesday, January 5, meeting of the Woman's Missionary Society of Bethany Church. The session will commence at 10:30 a.m. with a noon luncheon. Dr. Lucian E. Turner, Bible teacher from Pasadena, will conduct devotions.

"Persian Christians I Have Known" will be the subject of the afternoon address to be delivered at 2 o'clock by Dr. Samuel Martin Jordan, former president of Alborz College, Teheran, Persia.

OBITUARY

FRANCIS HALLINAN

Frances T. Hallinan, 71, passed away Christmas Day at her home at 109 E. Laurel ave. Born in Debetford, England, she had lived in the United States for 50 years. She was a professional milliner. There are no survivors. Rosary services were held at 8 o'clock, Sunday evening at Grant's Chapel followed by a mass at 9 o'clock Monday, at St. Rita's Church. Interment was at Calvary Cemetery.

SOLDIER DOWN UNDER WANTS HOME NEWS

"Soldiers first" is seemingly the motto of the U. S. Postal Service, for despite the war and the heavy rush of Christmas mail, a letter posted by Capt. D. H. Allen in Australia on December 15, arrived at the NEWS office on the 28th. Capt. Allen, like so many local boys in the service, is now a subscriber to the NEWS, a privilege that enables him to keep up with the home front and the activities of his friends.

PUBLIC NOTICE

NOTICE OF TRUSTEE'S SALE

WHEREAS, default has been made in the payment of the indebtedness secured by, and in the performance of the covenants contained in that certain trust deed dated October 27, 1939, made, executed and delivered by ALBERT G. EILERS and ANNA H. EILERS, his wife, as trustor, to CORPORATION OF AMERICA, a California corporation, as trustee for BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, a national banking association, beneficiary, which trust deed was recorded on January 19, 1940, in book 17234, page 59, Official Records of Los Angeles County, California; and

WHEREAS, on September 21, 1942, Bank of America National Trust and Savings Association, the owner and holder of said deed and the debt secured thereby, applied to and directed said trustee in writing to execute the trust by said trust deed created, and to make sale pursuant thereto; and

WHEREAS, notice of such breach of the obligations of the trustor and of the beneficiary's election to cause to be sold the property below described to satisfy said obligations has been recorded as is provided for by law, and more than three months have elapsed since such recordation and the trustee deems it best to sell the real property now remaining subject to the trust deed as a whole, in order to fulfill the purposes thereof.

NOW THEREFORE, NOTICE IS HEREBY GIVEN, that on the 26th day of January, 1943, at the hour of 11 o'clock in the forenoon, at the East entrance to the Hall of Justice situated in the City of Los Angeles, Los Angeles County, California, CORPORATION OF AMERICA as trustee, under and pursuant to the terms of said trust deed will sell at public auction to the highest bidder for cash (PAYABLE AT TIME OF SALE IN GOLD COIN OR LAWFUL MONEY OF THE UNITED STATES) all the interest conveyed by said trust deed in and to the following described real property situated in the City of Sierra Madre, County of Los Angeles, State of California, and more particularly described as follows, to-wit:

The Westerly 233 feet of Lot 1 of Pierce's Edgemont Tract in the City of Sierra Madre, County of Los Angeles, State of California, as per map recorded in Book 7, Page 116 of Maps in the office of the County Recorder of said County. EXCEPT any portion within the lines of Central Avenue, 80 feet wide, as granted to the County of Los Angeles for road purposes by deed recorded in Book 2571 of Deeds, at page 237.

Dated at Los Angeles, California, December 28, 1942.

DON'T WORRY MOTHER —HERE'S HOW TO GET PLENTY OF MILK FOR BABY!

Many mothers have been worrying about whether or not they are going to be able to purchase enough canned milk for their babies. Safeway Stores have just completed arrangements to make certain that all infants can get the necessary amounts of this important food for their formulas. Babies are one group of citizens who would find substitutions in their diet rather difficult to accept, so we are going to be sure that they get what Doctor prescribes.

If you are finding difficulty in buying a sufficient amount of canned milk for your child, do this...

Ask your doctor to write a letter to the Safeway Stores Advertising Department (Box 3399 Terminal Annex, Los Angeles), stating that canned milk is needed for your baby. So that you can be sure of getting the brand and size that you favor, ask him to include information about your preference (better mention a second choice too). It is important that the address of the Safeway store near your home be given as well.

As soon as we receive the letter, instructions will be issued that will send a case of milk for your child on the next grocery load that leaves our warehouse for your Safeway store. You can call for it at your convenience, paying the regular retail price.

SAFeway

CHEERING NEWS

A happier and encouraging picture for the New Year are the figures on saving the lives of men wounded in battle in World War II. Rear Admiral Ross T. McIntire, Navy's Surgeon General, recently told the medical students of Northwestern University that the Russians claim an astounding record in saving the wounded—only 1.5 per cent, exclusive of those killed in battle, die of their wounds. For the U. S., the record is even better, though on a smaller scale. On Guadalcanal, less than 1 per cent have died, compared to 7 per cent in World War I. In one specific type of wound, the percentage is amazing—only 5 per cent die as against 70 per cent to 80 per cent in World War I.

Nothing could be better news except the end of the war. The donors of blood plasma have the intense satisfaction of realizing that their sacrifices in this regard are really doing what they hope—helping to save the lives of the boys. The Guadalcanal doctors treat men while they are still on the field, wherever possible, in order to prevent the effects of shock, infection, and delay. Like Russian soldiers, our men are flown to the hospital, which for Guadalcanal is "several hundred miles away", on another island. The use of airplanes for ambulances is a tremendous advantage in gaining time.

Due to these splendid advances in medical treatment, many a boy will return home who might otherwise have died. One loss of life is too many, but there is deep satisfaction in knowing that the final total in loss of life for the wounded, will be far less new, than in World War I.

The.... Watch Tower

By Peirley Poore Sheehan

ALL THESE days of late, while 1942 was by way of becoming just another date in history, that phrase the Serpent used when tempting Eve has kept coming back to us. Remember? "Ye shall be as gods!" Not with regard to our own or any other member of our own or even approximate generation. The phrase was there as we watched the younger children pass our gate; and again, faintly echoing in our heart, each time we'd meet the heaven-deep, sky-clear gaze of some baby in his or her perambulator. Making us feel little and old and humble, as, say, Millet's "Man With a Hoe" would have felt had the Virgin or the Archangel Michael appeared before him. For these babies, so our heart assured us—and our mind too, when we get to thinking things over—are indeed to become as gods, with a literalness the old Serpent Himself probably never dreamed of.

LET'S pause a moment for a look backward before we go on with this prophecy. Whereby, in some degree, we may, perhaps, get a better perspective of what we're now calling this Global War. Seen in which perspective it may almost appear as merely one more battle—certainly the grandest and possibly the last—of a Global War that has been going on ever since, at least, Tubal-cain began making things out of brass and iron. You may have read something like this in "The Education of Henry Adams", his theory of how—"during a million or two of years, every generation in turn had toiled with endless agony to attain and apply power..." This had been the real Global War. As Henry Adams, cynical and wise, himself practically avers when he tells the generations have thus sought power while "...all the while betraying the deepest alarm and horror at the power they created."

WHAT WAS the occasion for this horror and this alarm? It was, we believe, the unending spectacle of power—King Power—forever having played the part of the monster in Mrs. Shelley's parable of Frankenstein. Power made slaves and Power made war. Power, in some strange way, while still able or willing to combat hunger in certain places, spread famine in others; built palaces and slums; could even build enough churches but never—never!—could catch up on the need for more and more prisons and asylums. Power, who never could put love in the heart of any man but could put hate in the heart of nations... This, by the way, not what Henry Adams said. But what we somewhat feel was what he felt. For he died, at the age of 80, in 1918. Which was, as you might say, before the first glimmer of the dawn the seers and prophets now foretell. So much for the past; and now, watchman, what of the future?

OH, A future, a world, when Power at last will be fighting on the side of the angels. And that, too, a Power today beyond imagining, except, perhaps, in the dreams of some of these children who pass our gate, or in the spirit-memories of some of these babies we see and marvel at with their look of such seraphic wisdom. For wise Henry Adams

spoke also of a Law of Acceleration. Thus measure for example, the advance in man's physical-mechanical equipment from, say, 1800 to 1900, considering betimes how, in all these later years, invention and discovery took on such speed—a speed-up that has taken on still more speed in every successive year since the century began and promises to continue on to the century's end. To the year 2000! When, vital statistics permit us to believe, most of our younger children will still be alive and strong. And they, the trustees of this godlike legacy.

AND wise! Wise we believe, beyond any generation of their elders since the days of Adam. For their elders—especially they that are fighting today—will have told them the annals of what happened when Power was allowed to serve Evil instead of Good. Although we doubt, truly, that this budding generation of the New Day will need any such instruction. As there be those already—and some of them not so young—who've long prayed and labored against such hoary foolishness as their fathers knew and permitted. And of such, please God, these children will have inherited the spirit.

PERHAPS—who knows?—all of us are intended, anyway, at last to become as gods and be as gods, just as the Old Serpent predicted. Why not? When we think of all the wars humanity has suffered, all the plagues, all the hungers, all the frustrations and humiliations; all man's blind gropings, the unnumbered ironies of his hopes and prayers, and still, for all that, his faith, his courage, and his love—well, couldn't this, in some realm of super-science, be the very making of a god? We don't know. Maybe these seraphs of the year 2000—they will know.

BIRTHDAY GREETINGS

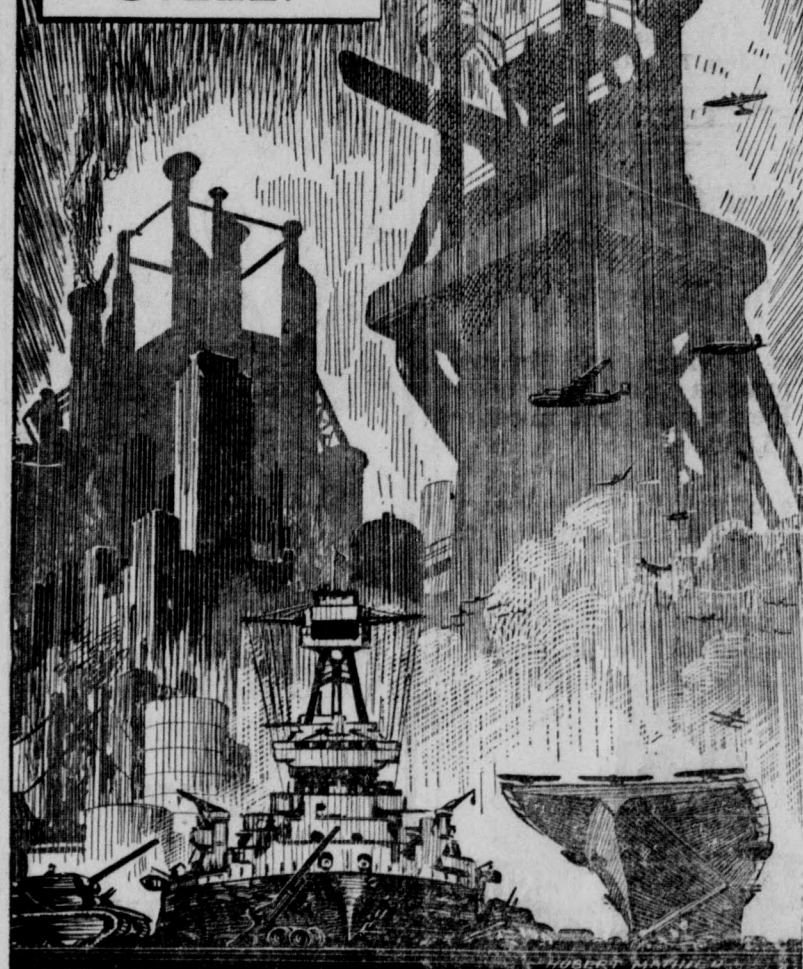

THE NEWS extends birthday greetings and its best wishes this week to the following Sierra Madreans, whose birthdays are indicated:

Joseph Mallot	Jan. 7
Harold McMillan	Jan. 7

OUR DEMOCRACY—by Mat

AMERICAN STEEL.

—AND EVEN MORE IMPORTANT IS
THE STEEL IN OUR BACKBONES.

Now don't be thimble! Sure we got seven questions for you here but if you ain't loco you should come out arooin' and ashootin'. Most people say these Guess Again Quizzes are as easy as popping the spots out of a seven-spot. Just "x" the right answers and look below for your rating.

1. One of the following Civil War generals fought for the North. Can you pick him out? (a) Pickett, (b) Stuart, (c) Sheridan, (d) Jackson. ☐

2. We're sure that you've seen this man in the theater at some time in your life. He is (a) Buck Jones, (b) Tom Mix, (c) Bob Steele, (d) William Boyd. ☐

3. The words "right and write" are classed by grammarians as (a) synonym, (b) homonym, (c) pseudonym, (d) antonym. ☐

4. In the vernacular of a jitterbug, "dog-house" is (a) a piano, (b) saxophone, (c) bass viol, (d) the drums. ☐

5. A flash gun would be used by a (a) cowboy, (b) welder, (c) surgeon, (d) photographer. ☐

6. In the lore of nursery rhymes who was nimble and quick? (a) Jack, (b) Bo Peep, (c) Mother Goose, (d) Little Jack Horner. ☐

7. What product is famous for its trade name Singer? (a) Automobiles, (b) Electric lamps, (c) Sewing machines, (d) Radios. ☐

"GUESS AGAIN" ANSWERS

1. 20 points for (c).....
2. Tally 10 more on (b).....
3. 20 big points for (d).....
4. (c), 10 markers.....
5. (d) is worth 15 more.....
6. 15 more on (a).....
7. Easy for everybody, 10 on (c).....
RATINGS: 90-100, mighty fine partner; 80-90, a right smart grin; 70-80, didn't lasso enough points; 60-70, stick to rounding up the dogies.

Tally Score Here

FIRE FLAMES

The thirsty earth must have relished the glorious rain that fell Christmas eve. The rain was of great benefit in fire prevention and the firemen all are breathing easier now.

We are ending the year 1942 with another splendid record and a low fire loss. This is something to be proud of and has saved the property owners much in insurance cost. These good records will affect the insurance rate for the future and it is up to all of us throughout the city to endeavor to repeat for the forthcoming year. The whole secret is in fire prevention and this means that our citizens are co-operating. We must admit some of it is luck and the other 99 per cent is carefulness.

By the end of 1943 or early in 1944, according to VMC estimates there will be 9,700,000 Americans in the armed forces, 20,000,000 in War industries, 19,600,000 in civilian industry and 7,900,000 in year-around farm work. In addition, millions will be needed seasonally in the various agricultural areas. In November 52, 800,000 people were employed and 1,700,000 unemployed, but the Census Bureau said there were 5,000,000 people—most of them housewives—who could take full-time employment but had not done so.

The Bureau of Labor Statistics comprehensive index of nearly 900 wholesale price series now stands at the highest level in more than 16 years. The index for farm products has risen nearly 21 per cent in the past year and is now 12 per cent higher than for the year 1926, and the index of retail food costs on November 17 stood at the highest point reached since January, 1930, having advanced 40 per cent since the out-break of the war in Europe.

The taxable wealth of California's 58 counties increased by \$328,768,514 to a new record total of \$7,679,695,379 during last year, and the combined indebtedness of the counties showed a drop of \$5,-

A New Year Thought

Christmas is over; soon we'll start a New Year. Let's start it with Love, with kindness, with cheer. Love for our family, our neighbors, our friends. And forgive all our foes; it will help make amends.

As we are starting the New Year, let's examine our hearts. And promise ourselves a clean and fresh start. Let's begin and end the day with a prayer, "Help me, oh Lord, my burdens to bear." And when we have finished our tasks many or few, Let us kneel and say, "thanks, Lord for bringing me through."

With this attitude, we'll have little to dread: Our past, it means nothing, it's gone like the dead. Let us be truthful, honest and sincere. Meaning these good wishes we send for and near.

—By Dot Braylett.
Sierra Madre, Dec. 28, '42.

9882,953, according to a recent announcement by State Controller Harry B. Riley. It is good, of course, to know that we are more wealthy, but it is even more comforting to know that our counties are wise enough to cut down their debts, instead of adding to them. This is a good time for both local governments and individuals to get even with the bank and to prepare themselves for a probable post-war let-down. Uncle Sam is borrowing enough money for all of us—and all of us will be kept busy paying it off for a long time after the war is won.

President Roosevelt's appointment of William Phillips, outstanding career diplomat, to New Delhi, marks the interest our government feels in the vital Indian problem. India has one of the two largest populations in the world, second only to China. But the political aspects in India are far more complex. Should Japan over-run India, the whole Allied position in the Middle and Near East would be imperiled. Russia would be threatened from the direction of Transcaucasia. Our stakes are big. We need to be kept constantly informed on developments within the country where eruptions and even sabotage of communications and public services are fairly frequent.

King George VI observed his forty-seventh birthday this month. There was only a "simple gathering of the royal family". Usually the King's birthday is an all day celebration beginning with the Trooping of the Colors, when his guard performs intricate ceremonies replete with music and marching, swords and bright uniforms, topped by the tall, terrific buzby. Perhaps with eggs so scarce in England, there wasn't even any cake! But the war scene must have looked brighter than it did last year.

California has been busy this first year of war. A survey of 1942 just completed by the State Chamber of Commerce finds that war contracts in the State passed the seven billion dollar mark. Almost a million workers are employed in manufacturing—that's triple the average for 1939. During the year, 291,000 more men worked in aircraft, shipbuilding, and war material industries—that was an increase of 24,000 a month. Factory payrolls doubled the previous year to hit a total of \$1,350,000,000. We are contributing a considerable portion of the food that goes into the

AUBREY YOUNG NOW AT MINTER FIELD

Aubrey C. Young, son of Mrs. G. Kochs, 431 Ramona, was among a group of aviation cadets just arrived at Minter Field, to receive their basic flying training. While there the young man will become a real military flyer. He will undertake a more extensive course of study in the Ground School; master the arts of formation flying; take part in many cross-country flights and thus prepare himself completely for the battle to Victory.

Lost and found columns of Tokyo newspapers are crowded these days. Every time an American buys a War Bond, the Japs lose face. Buy your 10% every pay day.

What They Say ---

DOROTHY SHAY, Nor. Calif. "Miss Victory"—"Women in war work don't wish to be pampered—but they are—much too much."

DON MARSHALL, State Liquor Officer—"The midnight liquor curfew means drinking must stop on the stroke of 12. If everything in sight is not drunk up, unfinished drinks must be confiscated by waiters, or bars will be subject to suspension."

LIEUT. COMMANDER MILDRED McAFEE of Waves, formerly Wellesley College president—"College, even more so now, is a training ground for assumption of responsibilities, not a place to play."

national market and the Victory Food program. Result? California farmers will have a 1942 gross income in excess of \$1,250,000,000—an increase of 50 per cent over 1941. Production of crude oil climbed higher than last year, amounting to 230,000,000 barrels with a value of \$219,000,000. Production of quicksilver, tungsten, and chromite, increased considerably. There are darker shadows laid against this Gargantuan total—among them farm labor costs, labor shortages, and beyond all this, the fact that our total is a minute part of the darkest total in history—total war.

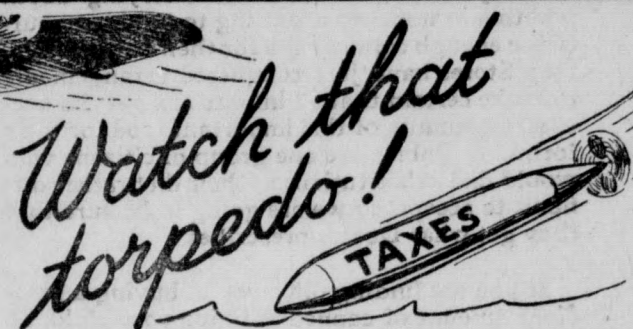

Did you know—That a single cargo vessel can supply a battalion or feed a city? Can carry, in a year, as much wheat across the ocean as could be grown on 20,000 acres? As much timber as a small forest 20 years old would yield? In a year, a tanker can carry enough gasoline across the sea to run 20,000 Army trucks 10,000 miles each, or launch 20,000 bombers against the enemy's war plants? If you knew all this, then you know the significance of the fact that U. S. shipbuilders this year delivered 625 cargo vessels for war service. A comforting reflection at the year-end!

KERSTING COURT CUstr 5-4466

MANY a family that is sailing along on serene financial seas will receive a severe shock next March 15th. That's income tax day—the day Uncle Sam is going to reach deep into almost every income producer's pocket for the biggest tax collection of history. Learn now what these new, high taxes will demand of you. Then you can start preparing, by purchasing U. S. Tax Savings Notes or making regular deposits in an account at this bank. Keep ahead of your taxes!

SOME OF THE THINGS THAT HAPPENED IN SIERRA MADRE DURING THE PASSING YEAR

Continued from Page One

city's quarter million dollar bonded indebtedness fixed at \$54.70 . . . Growing scarcity of farm labor brings call for Sierra Madreans to volunteer as peach and tomato pickers in San Joaquin valley . . . Mrs. Ella Ashby Cadmus, pioneer resident of Canyon Park, dies.

July 30. Very Rev. Edwin Roman, first Superior of Passionist Monastery here, announced captured by Japanese in fall of Corridor . . . 10 per cent pay increase voted grammar school teachers.

August 6. Sierra Madre included in Army order for dimout of California coastal area . . . Many tons of scrap metal collected here in first salvage drive following appeal of WPB for increased production of war materials . . . Close of registration for August primary election shows 56 more Republicans than Democrats enrolled here . . . Lester Fennel, meteorologist of Pan-American Airways, wife and child reported taken prisoners by Japs at Manila where they stopped en route home from the Orient.

August 13. Army dimout regulation becomes effective and night baseball and tennis games are cancelled . . . City council votes to retain last year's municipal tax rate of \$1.99 . . . Herry Sunday night showers hailed as unheard of, but records show light rain during August in other years.

August 20. American Legion votes to turn over to the age campaign the old German cannon at the city park . . . Registration of voters finds it difficult to fill many vacancies on local election boards.

August 27. Democrats here

turned on Governor Olson at Tuesday's primary election and Earl Warren sweeps the city . . . Mrs. Eva S. Thomas, aged 80, dies from injuries received in automobile accident . . . Rattlesnakes come down from the hills into northern residential area . . . Shortage of vegetables finds more Sierra Madreans planting Victory gardens . . . Government starts to move 19,000 Japanese interned at Santa Anita race track to Arizona.

September 3. Reduction in city, school and county tax rates cut 24 cents off combined tax rate here . . . Mrs. W. R. Dedrick's knowledge of first aid saves life of her 18-months old baby when the child fell into the family swimming pool . . . Mrs. Laura Cadmus Edwards joins her husband as lookout in the forest service and is among the first women to replace men in this work . . . Harry Lange elected president of the Kiwanis Club . . . County Regional Planning Commission estimates Sierra Madre's population as 5470.

September 10. Fearful of disaster due to fire or sabotage, Canyon Park residents demand that city council provide a new outlet for that area . . . Sierra Madreans responded so splendidly in first salvage collection that three days were required to gather up the accumulation . . . Local reporter at Veteran's Facility at San Fernando reports mere boys from overseas battlefronts joining veterans of other wars in Army hospitals . . . State Council of Defense warns Sierra Madreans to prepare for bombing raids.

September 17. Local women help harvest Kern county crop . . . Names of 110 Sierra Madreans listed as blood donors for third visit of the Red Cross blood bank. Increased enrollment reported at both local schools as vacation season ends.

September 24. Legion post votes to accept veterans of second world war into membership . . . In response to government's declaration that junk to maintain the production of war materials is nation's number one problem, Sierra Madre contributes 18 tons of scrap . . . Local draft board announces married men without children will be called soon.

October 1. Brig. Gen. Clinton A. Pierce and Reverend Edwin Roman, C. P., both of this city, reported as Japanese prisoners at Manila . . . 500 school children enlisted in the war drive as scrap collectors . . . Local defense workers warned not to change places of residence because of gas rationing soon to become effective.

October 8. Dr. M. H. A. Peterson commissioned a Captain in the Army with orders to report October 16 . . . Mr. and Mrs. J. C. Dickson celebrated their 65th wedding anniversary . . . Albert Croxson, Sierra Madrean just returned from Alaska, reports situation there "very satisfactory" to the American forces following Jap occupation of Kiska.

October 18. Long-legged gray cranes, formerly unknown here, become a pest, and citizen asks for permit to shoot them . . . Dr. A. O. Pritchard appointed Sierra Madre member of the gasoline panel on local war ration board.

October 22. Santa Anita race track being prepared for Army Ordnance camp and local realtors asked to find homes for families of officers here . . . City council refuses to grant a zoning variance for the establishment of a rest home on the Topping Estate at Sierra Madre and Michillinda blvds.

October 29. T. W. Neale resigns as City Judge and Noren Eaton is appointed successor . . . Volunteer Firemen announce cancellation of their annual Christmas party and gift distribution . . . School children turn in 19 tons of junk and start a second drive.

November 5. Republican candidates carry Sierra Madre by large majorities at Tuesday's election . . . 25 Sierra Madreans called in current draft quota.

November 12. Extension of Rosemead blvd. north through the Hastings Ranch approved by the county supervisors as a post-war project . . . Sierra Madreans turn in 16 tons of extra tires . . . City employees voted an additional 10 per cent wage increase.

November 19. City given 99 mark for its dimout compliance . . . E. D. Burbank and W. L. Stanton elected directors of the public library . . . Owners of rental properties begin to register in compliance with rent control regulations.

November 26. F. H. Hartman pioneer businessman, dies of heart attack . . . Rationing of coffee begins Sunday . . . Gasoline ration books issued to 1442 Sierra Madreans.
